

Beyond Borders

Solo Travel Website Proposal

Topic Description

Beyond Borders is a solo travel focused website designed to inspire and assist individuals in exploring the world independently. The site provides curated guides for destinations, attractions, and activities that are especially friendly for solo travelers. It offers practical tips on safety, budgeting, and cultural experiences to help users feel confident about traveling alone. In addition, Beyond Borders includes photo galleries, blog posts, and stories from other solo travelers for inspiration and community connection. The platform aims to be both a resource and a companion for anyone looking to step beyond borders and embrace the freedom of solo travel.

Website Pages

1. Home – Introduction to the site, featured destinations, and latest articles.
2. Destinations – A catalog of travel guides, filtered for solo-friendly places.
3. Activities & Attractions – Highlighting things solo travelers can do safely and enjoyably.
4. Travel Blog – Articles, tips, and community stories about solo travel.
5. About Us – Background on the project and creators.

Data Storage, Manipulation, and Viewing

The website will store and manage a list of solo-friendly destinations and activities. Each entry will include details such as:

- Destination/Activity Name
- Location (City/Country)
- Description
- Safety Rating for Solo Travelers
- Budget Range
- Recommended Season
- Photo URL

Users will be able to create an account and save destinations or activities to their personal "Solo Travel Bucket List." They will be able to:

- Add destinations or activities they want to try.
- Remove entries they no longer wish to pursue.
- View their personalized solo travel list whenever logged in.

Only administrators will be able to add, edit, or delete official entries in the public catalog. Standard users will only be able to manage their own personal lists. This requires secure login functionality, with passwords stored in the database to ensure account safety.
